Integrated System Approach

No chain is stronger than the weakest link, and our full system approach ensures high efficiency in every aspect. Steinway Lyngdorf's integrated system approach delivers solutions for any room and for any need.

Model P100

With the built-in media player, the Steinway & Sons Model P100 is ideal as a media center for slightly smaller surround systems and high-performance stereo systems.

- Fully digital signal processing
- RoomPerfect™ room correction software
- Supports all video resolutions
- Full support of every audio format on the market
